

PICOTE MIDI STEAMER

Outstanding User Experience

Superior steam curing for connection collars, point repairs, and CIPP liners.

This compact unit features automatic temperature controls and user adjustable temperature targets. Set the timer to automatically cure to the desired time and feel safe in the knowledge that the system will automatically shutdown when complete, or if the water level gets too low.

After initial setup, the Midi Steamer automatically mixes the steam and air to quickly achieve the desired temperature, without any additional input from the operator.

The Midi Steamer provides high-quality, reliable performance, efficiency and longevity.

USES AND BENEFITS

- Easy to Use: Simply set the desired temperature and it automatically mixes the steam and air to quickly achieve desired temperature.
- Very fast steam temperature adjustment reaction.
- Steam/air mixture temperature sensor paired with digital thermostat.
- Thermostat automatically mixes steam and air to achieve desired temperature.
- Adjustable temperature target.
- Built-in precision pressure regulator.
- Automatic system shutdown when low water levels are detected.
- Extendable pulling handle doubles as instrument panel protection while in transit.
- Pair with Picote Pressure Guard to remotely monitor steam outlet temperature & pressure.
- Detachable power cord.

Technical Specifications	
Category	Specification
Boiler Capacity	Total: 10.1 liters (2.7 gal) Usable: 7.5 liters (1.9 gal)
Weight	Empty: 20kg (44.1 lbs)
	Full: 28.8kg (63.5 lbs)
Dimensions WxLxH	54x43x59cm (21.2x16.9x23.2")
Output Per Hour	Max: 4.1 kg/h (9 lbs/h)
Power	230V: Max 3.2kW 120V: Max 2.9kW
Voltage	230V / 16 Amp - EU 120V / 16 Amp - UK 240V / 30 Amp - US 120V / 30 Amp - US 120V / 15 Amp Dual - US
